

YOUR SAFETY IS OUR MAIN CONCERN

- Our board has had an ongoing concern about the safety of motorists entering and exiting our facilities for many years. We have good news to share; a new flashing light system was installed in front of the Discovery Center which means a 20 mph speed limit will be operational during the start and ending of school times. Also to assist in further slowing down motorists, there is a “no passing zone” in front of the Discovery Center and RTC Industries/Board office.
- This exciting change was implemented through the efforts of city and county officials, State Senator Karen Gillmor, and the Ohio Department of Transportation.
- While the new restrictions that affect the 1/4 mile stretch of State Route 47 West, may be a slight inconvenience to some motorists, Logan County has just become a safer place!

WE STILL CAUTION YOU-

- When approaching either driveway from east or west, watch vehicles as they approach.

YOUR SAFETY IS OUR MAIN CONCERN!
